## BOY DROWNED.

Jim Clark, Negro Boy, Age 15,  
Drowned Sunday Afternoon.

Jim Clark, a 15 year old negro boy, was drowned in the Mississippi river, a short distance above the wagon factory, between 2 and 3 o'clock Sunday afternoon, while swimming with a number of other boys. The boy was unable to swim, it is said, but "battered" another boy to go out in deep water. They both went, but Jim was unable to make it to shore—and the other boys were afraid to try to rescue him.

Jim is a son of Uncle Jim Clark. He will be remembered as having worked around the store of Bondurant Bros. Grappling hooks were used Sunday afternoon in an effort to locate the body but it was not found. The water, a short distance from the bank at this point, which is known as "rock bottom," is 20 or 30 feet deep. This is the same place a white boy, a son of Jas. Newton, lost his life a few years ago.

## A BOX FROM HOME

Drawn by Gear Williams, Division of Pictorial Publicity.

Food savings of millions of Americans during our first year of war enabled this government to send enormous food shipments abroad for our fighting forces and the Allied nations. Our savings in cereals—out of a short crop—amounted to 154,900,000 bushels; all of which was shipped to Europe. We increased our meat and fat shipments 844,600,000 pounds. This was America's "box from home" to our army abroad and the civilians and military forces of the Allied nations.

## MAY THEY RETURN.

Is Prayer of Former Teacher For Her Pupils Going to War.

The Courier is in receipt of the following letter from our good friend, Mrs. Dora Bissell (formerly Miss Dora Smith, teacher and County Superintendent of Schools of this county), of Ironwood, Mich:

"Enclosed find my check for \$1.50, for which please send me the Hickman Courier for another year, beginning with the August 8th issue, when my subscription expired. The Courier has always been of interest to me but never so much as now, when so many of 'my boys' are following 'Old Glory' across the seas. I taught many of them their first lessons, and know many more in connection with my school work throughout the county. I am very proud of them as we all are, and down deep in my own heart there is a prayer that they may be kept safe, and that they may return to take advantage of the splendid opportunities that will be theirs. But if some of them should not return—if some should fall on the field of honor, as some have fallen, those of us who love them will cherish their memories, and will feel that our own lives are richer and nobler for having known them, our boys, our heroes."

## FREIGHTER HICKMAN

Big U. S. Steel Freighter Named in Honor of Hickman.

At the shipyard of the Standard Shipbuilding Corporation on Shooter Island, New York, a big steel freighter of the U. S. fleet is near completion and has been christened "Hickman" in honor of Hickman, Ky., the birthplace of Governor Gardner, of Missouri, whose privilege it was to name this vessel.

Mrs. Grace Hickman Swacker, of New York, baptized the new boat. She belongs to the Hickman family which settled in Pennsylvania on a tract of land given by Wm. Penn, and whose migrations can be traced in the towns named after them in Kentucky, Tennessee and Ohio. In naming the freighter, Gov. Gardner desired to honor his native town—one of the best to the square inch in the world—and one which has sent forth some illustrious men. As a matter of fact we ought to have a dozen vessels named for Hickman—but we modestly accept the honor conferred by Gov. Gardner. Its now up to our citizens to furnish a silver service for the steamship Hickman.

## FORMER HICKMANITE

Wm. J. Flack Victim of Heart Trouble At Union City.

William Jewett Flack, well and favorably known in business circles in this city and in Hickman and in Tip-topville, died in this city last Sunday night and was buried Monday afternoon in the city cemetery. Services were conducted at the residence of Mr. and Mrs. Harris Parks, conducted by Rev. W. B. Cunningham.

Mr. Flack came to this city from Hickman about 40 years ago and was in business here for many years. About 20 years ago he located in Tip-topville where he operated a livery stable, later on running a grocery which he conducted until January 1, 1918. His health failing (he had heart trouble) he came back to Union City. About 35 years ago the deceased married Miss Mollie Chambers. He leaves a son, Will C. Flack, of the Morgan-Verhine Co., and one daughter, Miss Kate. —News Banner.

Mrs. Jerre Morris, of near East Prairie, died Saturday morning as the result of injuries sustained Friday afternoon when the automobile driven by her was struck by a Cotton-Belt freight train at a road crossing near Whiting. Her husband was with her at the time of the accident, and was also injured, but not fatally.

Mrs. C. S. Patterson is visiting her mother at Rutherford, Tenn., this week.

Master Wm. White, of Humboldt, Tenn., is visiting his uncle, C. S. Patterson.

## "DEAD AT 14"

But Still Hale and Hearty at 50, is Experience of Hickman Man.

A man must feel a sinister sensation of having lived two lives—who died at the age of 14 and is still hale and hearty at the age of 50; who has been in his own coffin—laid out for dead—and his grave dug. But this is the unwritten experience of a well-known farmer of near Hickman, who, as a lad, passed through the dark days of the yellow fever epidemic here in 1878. His name is Wm. H. Young.

Stricken with fever, he was finally pronounced as dead by the attending physician—and funeral arrangements were made. By some singular fate, he was permitted to arise from the shroud and bier and become one of the few to survive the awful plague. Co-incidentally, one of his sisters was buried in the grave prepared for the boy; in fact, the Young family was almost exterminated. Having survived his attack and in a measure becoming immune, Mr. Young was assigned to "sit up" with other victims during the remainder of the scourge, which he did with as good grace as a 14-year-old could. A boy of that age will "try anything once," so for the novelty of it, this lad "tried on" the coffin bought for him to see "how it fit." Mr. Young cannot account for his resuscitation except for one fact. A negro, left with supposed corpse, in the absence of others, proceeded to drench him with whiskey. Annihilation followed and the "deceased" was nursed back to health—a life of usefulness and long years—and the recollection of one of the most novel experiences ever passed through by man.

## USE CORN SYRUP.

An Excellent Substitute for Sugar in Preserving Fruit.

Maximum canning with minimum sugar should be the slogan of the patriotic Kentucky woman this summer. Every bit of fruit of vegetables stored, canned or dried by the housekeeper for winter use means labor, food, fuel and shipping space released for Uncle Sam. The government will requisition for the soldiers and Allies at least 15 to 25 per cent of the commercial pack, doubtless more; so those women who want to be certain of having enough fruits and vegetables to serve their families next winter should put up enough for their own use. Fruits and vegetables are body regulations and we need them every day if we are to keep in good condition.

If it is preferred to sweeten the fruit when it is canned, white corn syrup will be found to be the most desirable of the sugar substitutes. It is cheaper and more plentiful than maple syrup or honey, and it covers up the natural flavor of the fruit less. One cup of corn syrup is more than equal to one cup of sugar in food value, but it takes one and one-half to one and two-thirds cups of syrup to give the same degree of sweetness as one cup of sugar gives. If one is satisfied with a less sweet product, then, and does not mind the slight corn syrup taste, corn syrup may be substituted for sugar, cup for cup; but most persons will be better pleased if one cup of corn syrup and one-fourth cup of sugar are used in place of one cup of sugar. One-fourth less cup of water for each cup of syrup may be used in syrups when corn syrup is used in place of sugar.

Mr. and Mrs. N. W. Kelly delightfully entertained a few of their friends Monday evening, August 12, from 8 to 11 in honor of the latter's sisters, Misses Ethel Edmiston, of Hickman, and Earline Edmiston, of Fulton, and Bill Rodgers, of Camp Sherman, Ohio. Grape juice was served as the guests arrived. Music was enjoyed throughout the evening.—Carlisle Co. News.

Postmaster General Burleson appointed N. C. Kingsbury and G. W. Robinson to investigate and carry on negotiations for the unification and consolidation of the various telephone companies operating in the same communities.

An exchange tells us of a merchant who was always busy even though he never advertised. The merchant had a Waterbury watch and the seven-year itch, and when he was not busy winding his watch, he was busy scratching.

## ENROLL AT BANK.

Each Bank in County Becomes Agency for Public Service Reserve.

Each bank in Fulton county is now an enrollment agency of the United States Public Service Reserve. Your country needs mechanics, artisans, skilled laborers of all kinds, men who can work with tools. Every available man is wanted. You will be doing your duty to your country in a time of need by enrolling and putting your name on the Government files for something you can do.

## REGISTER SATURDAY.

Boys Reaching Age of 21 Since June 5th to Register Here.

The War Department has made it mandatory that all boys who have become of age since the 5th of June or who may become of age on August 24th, shall register next Saturday. In Fulton county the boys are required to register with the Local Board at Hickman, at the court house, between the hours of 7 a. m. and 9 p. m.

Failure to comply with this order means a heavy penalty.

Miss Bonnie Carpenter, who has been with the Hickman Tinning & Plumbing Co., for several years, expects to leave this week for Helena, Ark., to accept a position with the Keesee Cotton Co., cotton factors.

Another airplane passed over Hickman late Saturday evening, going in a northerly direction and flying comparatively low. The occupant was doubtless going from Park Field, Memphis, to Belleville, Ills.

Mrs. Leron Brown Taylor, of Cairo, Ills., is here the guest of her mother, Mrs. C. M. Brown, and other Hickman relatives. She has a position with a garage in that city and is taking a vacation.

We regret to learn that Lon Palmer and family are preparing to move to Fulton to reside. They have resided here for eight or more years and are fine people.

Mrs. Ida DeBow spent the week end with Mrs. P. H. Weeks, at Fulton.

## HICKMAN SLACKER.

Vice Vaughn Caught at Cairo and Turned Over to Authorities.

Vice Vaughn, colored, a Fulton county slacker, was caught at Cairo Friday by Deputy Sheriff Thomas and turned over to the U. S. authorities in that city.

Vice was a drafted man and called to service here several months ago, reported and was ready to ship out—but slipped the halter a few minutes before the train was due to leave and has been a fugitive since. He had been around Cairo for some time, but the deputy was forced to make two or three trips before he found him. Vice, who was a Hickman negro, made a bad decision when he decided to join the "bird gang."

## A LIGHTED WINDOW.

I pass a lighted window  
And a closed door—  
And I am not troubled  
any more.  
The road is murky,  
I am not afraid,  
For a shadow passes  
On the lighted shade.  
Once I knew the sesame  
To the closed door;  
Now I shall not enter  
Any more;  
Nor will people, passing  
By the lit place,  
See our shadows marry  
In a gray embrace.  
Strange, a passing shadow  
Has a long spell!  
What can matter, knowing  
She does well?  
How could life annoy me  
Any more?  
Life: a lighted window  
And a closed door.  
—Clement Wood.

Mr. and Mrs. John McFarland are having a handsome \$10,000 stucco residence erected on their farm at Bayouville, and last week, while in this city looking after building supplies, bought a Franklin touring car of the Charleston Motor Co.—Charleston Enterprise Courier.

An eminent physician is being patted loyally on the back by "onion lovers" because he has recently prescribed raw onions for supper. Says this eminent onion eater, "Eat all the raw onions you want at supper, and you will sleep well."

With opportunities for employment to many, no longer need a woman marry for support. Who knows but that some of these days the girls will hark back to the old-fashioned custom of wedding for love.

## MAKES CHANGE.

Plan of Handling Allotment Checks Changed July 1st.

There has been a change in the system of the Bureau of War Risk Insurance of the Treasury in the matter of allotment and allowance checks. This results in some of the checks sent out by the bureau being for smaller sums than heretofore, but the amounts omitted from the checks sent out by the bureau will be included in checks sent out from other sources.

The new system will simplify the work of the bureau and is expected to accelerate the payment of allotments and allowances.

Prior to July last the War Risk Insurance Bureau took the compulsory allotment of \$15 a month and whatever additional sum the enlisted man chose to allot to his family, and the whole amount, together with the Government allowance for dependents was included in one check and sent out by the bureau. Beginning with the July pay the bureau will collect and send out only the compulsory allotment of \$15 a month and the Government family allowance.

The excess allotments over the compulsory \$15 allotment and the allotments to persons not entitled by law to allowances will not be handled by the Bureau of War Risk Insurance, but by the War or Navy Department, the Marine Corps, or Coast Guard, according to the branch of service to which the enlisted man belongs.

## IT IS SERIOUS.

Some Hickman People Fail to Realize the Seriousness of a Bad Back.

The constant aching of a bad back, the weariness, the tired feeling, the pains and aches of kidney ills may result seriously if neglected. Dangerous urinary troubles often follow.

A Hickman citizen shows you what to do.

Mrs. R. C. Smith, 813 Catlett St., says: "Over eight years ago I suffered with an attack of kidney trouble and backache. My kidneys acted too frequently and I was annoyed a lot with my back. Once when I bent over, a terribly sharp pain caught me in the small of my back and made me scream. It was some time before I could straighten up. I bought Doan's Kidney Pills at Helm & Ellison's Drug Store and one box gave me such good results, I haven't had to use any kidney medicine since."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Smith had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

## IN HONOR OF VISITORS.

The home of Mr. and Mrs. R. Guy Robbins was the scene of a very merry and happy crowd of youngsters Thursday evening, at a party given in honor of Miss Leonora Amberg, of Hickman, who is the charming young guest of Mrs. Robbins.

Most beautiful was the electrical effect of lights strung across the lawn and interlaced through the trees, casting a mellow glow over the young people as they played games out in the open air.

About fifty boys and girls were present and the evening was very much enjoyed, especially the ice cream cones. Miss Amberg, although only ten years of age, is a very talented musician, playing the most difficult classics as well as the popular up to date music. She is a cousin of Mrs. Robbins.—Mayfield Messenger.

Governor Gardner has been notified that a battleship has been named for his birthplace—Hickman, Kentucky, the present residence of Editors Speer & Sexton, old Sturgeon boys.—Sturgeon (Mo.) Leader.

## INTEREST RATE.

Fourth Liberty Loan Bonds to Bear 4½ Per Cent.

Secretary McAdoo has definitely announced that the Fourth Liberty Loan bonds will bear 4½ per cent interest.

The Secretary has been insistent that the Government interest rate should be stabilized at 4½ per cent. He points out that a raise in the rate of interest of only one-fourth of 1 per cent on \$10,000,000,000 of Government bonds would mean an annual increase of \$25,000,000 in interest charges, and that this money would have to be raised by increased taxation and paid by the people of the country. It would not be paid by one class only, because there are consumption as well as other kinds of taxes, and the consumption taxes reach every class of people.

"As an intelligent people," said Secretary McAdoo during the Third Liberty Loan campaign, "we should now make a stand for the financing of our Government during the period of this war at a stabilized rate of interest, say at 4½ per cent per annum, so that all business and all investments may be adjusted to that basis, and so that we ourselves may protect ourselves against successively increased rates of interest on Government loans."

Neither our patriotism nor our support of the Liberty Loans are measured in fractions of per cent.

Now is the time that your hens will moult or shed their feathers. This process is rather slow and nature should be assisted. A. B. ## GIRLS! ITS YOUR STEP THAT ATTRACTS!

Says women pay too much heed to their face instead of their corns.

Watch your step! A brisk, lively step is what charms more than a lovely skin, but your high heels have caused corns and you limp a little. That's bad, girls, and you know it. Corns destroy beauty and grace, besides corns are very easy to remove.

Rid your feet of every corn by asking at any drug store for a quarter of an ounce of freezezone. This will cost little but is sufficient to remove every hard or soft corn or callus from one's feet.

A few drops applied directly upon a tender, touchy corn removes the soreness and soon the entire corn, root and all, will lift right out without pain.

This freezezone is a gummy substance which dries instantly and simply shrivels up the corn without inflaming or even irritating the surrounding skin.

Women must keep in mind that cornless feet create a youthful step which enhances her attractiveness. adv

## MAY STOP KNITTING

Women of the country may be compelled to abandon knitting for the soldiers as a result of the notice served by the war industries board on winners of hand knitting yarns that no more wool or worsted hand knitting yarns may be manufactured until further notice. Needs of the military forces are given as the reason for the order.

## MANY FACES MISSING FROM THE OLD TOWN; SOME MAY NOT RETURN

The Folks at Home Will Remember  
Them When Fourth Liberty Loan  
Campaigns Opens Sept. 23.

Have you noticed that the old town isn't altogether what it used to be? That somehow there is a difference when you go down the street? That the old places are more subdued and quiet; less busy and noisy? That go where you will, the club, the bowling alley, the billiard parlor, anywhere, there is the same subtle sense of change?

The old voices no longer hail you with such eager challenge, such royal welcome, such whole souled good-fellowship; the old smiles no longer greet you so warmly and the old hand claps on the shoulder no longer bring you the same old sense of comradeship and friendly interest. Something seems to have slipped silently out of life.

For scores of the old faces are missing: faces that you knew and loved the best.

They are "over there" in the khaki-clad ranks that are slowly pushing the gray Hun line backward toward the Rhine. They are taking up the burden of civilization, of democracy and freedom; the liberation of a half world threatened with enslavement; the perpetuation of our own national liberty and safety. The overthrow of Kaiserdom.

And some of them are never to come back!

None of us will ever forget these missing faces; the faces of our friends, our brothers, and sweethearts, our husbands and fathers. All of us will hope to welcome them home again, triumphant from the firing line, the jaws of death, the literal mouth of the inferno.

Nor must any of us forget them in the coming Fourth Liberty Loan drive.

For it is to strengthen them and their fight, to hurry their ultimate victory and to speed their return, that these bonds are to be offered. That and that alone.

Remember these missing faces; these faces that we love.  
And begin at once your saving for the Fourth Loan.

### THE FOURTH LIBERTY LOAN

The campaign for the Fourth Liberty Loan will begin September 23 and close October 19. The result of the loan will be watched with keen interest in Europe, not only by our associates in the war against the Teutonic powers but by our enemies. It will be regarded by them as a measure of the American people's support of the war.

The Germans know full well the tremendous weight and significance of popular support of the war, of the people at home backing up the Army in the field. As the loan succeeds our enemies will sorrow; as it falls short they will rejoice. Every dollar subscribed will help and encourage the American soldiers and hurt and depress the enemies of America.

The loan will be a test of the loyalty and willingness of the people of the United States to make sacrifices compared with the willingness of our soldiers to do their part. There must be and will be no failure by the people to measure up to the courage and devotion of our men in Europe. Many of them have given up their lives; shall we at home withhold our money? Shall we spare our dollars while they spare not their very lives?

**SCHOOL NOTES.**

Interesting School Items by Miss Virginia Lutten, Co. Supt.

The Island school has organized a War Saving Society with Glenn Summers, president, and Mary Hall, secretary. Tyler school has organized with Ben Readmore, president, and Homer Conner, secretary. The colored schools have also begun their organizations. Every public school is expected to have a society.

There seems to be confusion in the minds of some as to the length of the school term. The term in Fulton county will be the same as last year. All schools will be taught for at least seven months. Jordan and Crutchfield will have an eight months term, while Cayce, Sylvan Shade, Hickman and Fulton will have a nine months term. The length of the school term is fixed by the school boards, but the State requires that every public school shall be taught for at least six months.

The joint institute held at Mayfield last week was a great success. Six counties of western Kentucky formed an institute circuit and were thus able to employ some unusually good talent for the week. Among the speakers were Dr. Byron W. King, of the King School of Oratory, Pittsburg; Dr. R. E. Crossfield, Pres. Transylvania University; Prof. McHenry Rhoads, State High School Supervisor; Miss Corn Mel Patten, of the Marden School of Expression, Chicago; Dr. H. H. Cherry, Prof. R. P. Green, and Mrs. O. L. Canning, of the Western State Normal. Mrs. Lucile Grogran Jones, who is one of the field workers of the Kentucky Literacy Commission, addressed the institute on the subject of "Moonlight Schools" and Miss Dollinger, of Louisville, representing the Food Administration, gave an address on "Food Conservation."

**No Worms in a Healthy Child**

All children troubled with worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHIT TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or digest the worms, and the child will be in perfect health. Pleasant to take. One per bottle.

If you want a nice cheery looking hat for these crisp fall days you'll find it in a Stetson at Leibovitz's "Live Store."

Deputy County Food Administrator S. D. Stenbridge tells us that in his district there were only a few who did not carry out the Sugar Rule in regard to having one merchant to buy sugar from, and that he had only a few people whose names were sent in to the head office for failing to comply with the Sugar Rule, and he expects that a few in this county will be cut out of sugar during the duration of the war.

The great mass of people in Fulton county who are real TRUE Americans are willing to abide by any rule that the government may make but a few people got more sugar than they were allowed.

Luther Melton, Charged With Taking 11 Year Old Girl Away, is Held.

Luther Melton, who was arrested last week in Jackson, Tenn., in company with 11-year-old Essie Waggoner, of Hickman, and was given a preliminary hearing before Judge Stahr, has been bound over to await the action of circuit court, on charge of "contributing to juvenile delinquency." Melton is about 18 years old, and came from Sharon, Tenn. He claims that he was going to Jackson and met the girl on the train, but the girl tells a different story. The couple became acquainted Thursday and ran away Saturday. In default of bond, Melton is in jail.

Attorney S. D. Stenbridge has been appointed County Chairman of Fulton County for the War Camp Service. This appointment comes direct from the government and bears the same relationship to our soldiers and sailors out side of the camps that the Y. M. C. A., the K. **FALSE SWEARING**

Bill Young Bound Over on Perjury Charge by Judge Stahr.

One day last week local officers arrested Fred Evans and Wm. Young as being implicated in illicit liquor traffic.

Under oath, Young stated that he purchased whiskey from Evans about 10 o'clock Wednesday morning, paying him about \$1 for about two ordinary drinks. Evans swore he sold Young no whiskey—that he was out of town at the time mentioned. He later substantiated this statement by proving that he went to Bondurant—leaving on the 7:30 morning train and returned at 1:30. Reputable witnesses swore they saw Evans on the train both going and coming. This left Bill in a bad fix. There was nothing left to do but hold him on a charge of false swearing. His bond was fixed by Judge Stahr at \$300.

J. F. Easley and wife were called to Nashville Sunday to attend the bedside of their twin granddaughters, Alice Gray and Mai Belle, 7 months old daughters of Mr. and Mrs. F. S. Courtney. Little Alice Gray died Monday morning. On account of rheumatism, Mrs. Easley was unable to attend the funeral.

## NOTED SOLDIER.

Will Speak at War Conference Here Next Saturday.

Captured by the Germans, beaten into a state of insensibility with strips of rubber hose, later forced down into an ill smelling German mine and compelled to do two days work in one day such is the graphic story of Private Scott of the British Army.

Did he grow dispondent under such treatment, give up hope and life? No. British soldiers are made of sterner stuff. Drawing together a few of his comrades, they formed a plan to escape. Night after night they spent working weary hours in the pitch dark—digging the tunnel that was to lead to freedom. For weeks after the tunnel was completed it was necessary that each man each day put aside a part of his ration to use in his escape. Several of the guards had suspicion of what was going on inside but Private Scott and his companions enticed them singly down inside the mine and killed them.

At last the day for freedom arrived, but after they got out where would they go? Private Scott was equal to the occasion. Knowing that soap was scarce in Germany he traded a German civilian a bar of English soap for a map and compass.

The Kentucky Council of Defense has gone to considerable expense to secure Private Scott for a speaking tour through the State. You may never have a chance to hear him again.

Private Scott, together with several other noted speakers will be at Hickman on Saturday morning, August 24th, and will speak at Fulton Auditorium 8:30 p. m. of same date.

## No Worms in a Healthy Child

All children troubled with worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the Child will be in perfect health. Pleasant to take. 60c per bottle.

## IN MEMORY.

—Of W. T. Eastham, born December 28, 1878 at Germantown, Ky., died August 9, 1918, at Nashville, Tenn. He came to Hickman, Ky. fourteen years ago and married Miss Bernice White. To this union two children were born who survive him. Besides his wife and two small children, an aged father, four brothers, two sisters and a host of friends mourn his loss.

Few better men ever lived than "Bill" Eastham, as he was familiarly known by his neighbors and fellow employees. He was quiet in his manner, conscientious in his actions and uncompromising for the right and ever ready to give his less fortunate friend a helping hand.

To say we miss him, expresses it mildly, but we realize that He who doeth all things well has called him from the walks of man. We have bathed his face with tears, we have called his name in vain, we have said with aching hearts "he is dead," but we recall a similar instance recorded in God's word when Jesus spoke these words to the grief stricken, heart broken sister of Lazarus, "I am the resurrection and the life, he that believeth on me though he were dead yet shall he live; and whosoever liveth and believeth in me shall never die." John 11: 25-26. Then we grieve not as those who have no hope, but in a brighter, better land we shall meet him, no more pain, no more sorrow, but resting with God and angels till the resurrection morn.

Some sweet day the gates ajar  
We will see your radiant face,  
We'll all be gathered from afar,  
With you around the throne of grace  
The days pass but still I miss you,  
Friends may think the wound will heal,  
Though they little know the sorrow,  
My broken heart conceals.  
He is gone, but not forgotten,  
His memory shall never fade,  
But my heart will always linger  
Round the grave where he is laid.

## OWENS IN RAID.

Hickman Boy Writes of Experience in Storming Trenches.

Private Henry C. Owens, an old Hickman boy, writes his mother, Mrs. S. B. Owens, from France, as follows: "Dear Mother:—Mailed you a letter on the 4th, telling you of our intended raid on the Germans, so suppose you are anxiously waiting to hear from me again.

"We had a successful raid. Only lost (censored erased number) men out of 219, and went back to the German's third line and got several prisoners. I never experienced as great and as much excitement in all my life as I did the 20 minutes we were in the German trenches. Well, I am surprised to know that I didn't get a scratch. Think I was about the only one of the boys that didn't get some of their clothes torn. We were lying in an open trench seven minutes, waiting for the big guns to move their shooting further back into the German lines and shells were exploding all around us. After finishing up the dug-outs and killing and taking the Dutch we could see in our limited time we just got back up the hill and in our own dug-outs when the big German guns opened fire on us. We are going back probably tomorrow, and rest for several days—Etc."

## CARD OF THANKS.

We wish to express to our friends our appreciation for their many acts of kindness extended in the death of our beloved husband and father, and also his relatives, friends and fellow employees for the beautiful floral offerings. May you long be spared a similar sorrow, is the prayer of—Mrs. Bernice Eastham and family.

In commending the act of Syd. L. It may be truly said that they did more than "their bit" in the matter—and a thousand times more than many folks have or are doing under like circumstances. Everyone who contributes in whatever manner or means to such worthy causes are entitled to commendation.

The commander hopes to be able to comply with the mayor's request and will let him know definitely this afternoon. It is highly probable that we will get a favorable decision and have the air fighter with us.

An anonymous communication informs us that an ice cream supper at Lake View, Tuesday, brought \$47.40, which was given to the Red Cross. Mrs. M. D. Head is given credit for making the affair a success. J. O. West auctioned off several cakes, which sold as high as \$5 each, and Atty. S. D. Stenbridge enthused the crowd with a forceful speech in the interest of the Red Cross, while the good people of that section spent their money liberally for the good cause.

The whirr of an airplane motor was distinctly heard by several people at Hickman about 5 o'clock yesterday afternoon, but the machine was not seen. The motor noise stopped suddenly as though the aviator was preparing for a landing and was heard no more.

We understand that Mrs. H. E. Prather and sons are expected here soon from Hattiesburg, Miss., where they spent the summer with Dr. (Capt.) H. E. Prather, who has been stationed at Camp Shelby. This would indicate that Capt. Prather is in line to go overseas in a short time.

The Local Board has named three new registrars to hold the registration at Sassafras Ridge, in September. They are Bob Goulder, A. W. Hale and Alex Stone.

## LOCAL SHOWERS

Light Rains Check Crop Deterioration and Bring Cooler Weather.

Local rains, varying from light showers to fairly good rains, fell the first of the week throughout this section, bringing cooler weather and benefiting late crops which were suffering for lack of moisture. As a whole the precipitation has been light, compared with our needs, but the showers and cloudy weather have been a wonderful help. They will also enable farmers to proceed with fall breaking for wheat in many localities.

### VARDAMAN DEFEATED.

In the senatorial race in Mississippi, Tuesday, Pat Harrison won by a handsome majority over Sen. Jas. K. Vardaman the Democratic nomination for the U. S. Senate. Vardaman ran on an anti-administration platform—and got what was coming to him.

Miss Paula Baker, of Tampa, Fla., and Miss Thelma Freeman, of Brownsville, Tenn., were the honorees of a delightful affair given on Tuesday afternoon from 4 to 6:30 by their hostess, Miss Bess Choate when she entertained a large number of friends at "500" and Rook, with seven tables of "500" and three tables of Rook. The entire first floor was thrown open together, with decorations of sunflowers, roses and astors. Fruit punch was served during the games and later apricot ice, wafers and salted nuts were also served. The guests were Misses Baker, Freeman, Mary Shaw, Celeste Roberts, Carrie May Reid, Bonnie Carpenter, Mozelle Brasfield, Mildred Ramage, Bettie Louise Curdin, Frankye Reid, Irene Thompson, Effie Bruer, Nell Bondurant, Mildred Thompson, Emma Barbee Douglass, Bess Thompson, Mary Tampa Burnett, Bertie May Rice and Ola Monan, and Mesdames Mack Reid, Brantley Turpin, Milton Spradlin, Henry Sanger, S. H. Hinton, D. P. Aquino, Ellis Dobson, Robert Coffey, Jesse Dillon, Delbert Choate, Percy Jones, J. O. West, Ferd Maddox, Guy Hale, Mitchell Wright and Swayne Walker. Mrs. Bufile Mitchell, of Texarkana, Ark., and Miss Gertrude Binford, of Brownsville, Tenn., were out-of-town guests.

Mrs. Hollis Kirk, left Tuesday for Elyria, Ohio, after a several weeks' visit with her parents, Mr. and Mrs. G. B. Walker, spending part of the time at Tiptonville with her sisters.

G. Mack Roach, of Fulton, was named as secretary.

### BABY GIRL DIES

The little 4-months-old daughter of Mr. and Mrs. Harry Lee King died last night at the home of Jack Cole, near Cayce (where the Kings were visiting), after a short illness. The little body will be interred at Poplar Grove today.

One of the most singular and non-practical orders we've ever seen has just been issued effecting weekly papers, as a measure for conserving news print paper—which has become exceeding short in recent weeks. The order says: "Publishers of weekly newspapers MUST arrange for a 15 per cent REDUCTION in their CIRCULATION beginning with September 15, in order to meet the requirements of the War Industries Board." There is not a paper on the Courier's list but what is paid for in advance. If we must take the names of around 300 subscribers off the list—where shall we begin—and why? Daily papers must effect a saving by cutting down the number of pages each issue, which is feasible for both dailies and weeklies, but the fellow who promulgated the cut-in-circulation plan is the right man in the wrong place.

On Wednesday evening of last week Mrs. Edward Rice entertained the Gamma Tau Club at three tables of "500". A salad course and iced tea were served. The guests were Misses Carrie May Reid, Celeste Roberts, Bettie Louise Curdin, and Annie Lee Brown. Mesdames Delbert Choate, Milton Spradlin, C. T. Bondurant, Ferd Maddox, Guy Hale, Henry Sanger and Mrs. R. L. Bradley. Miss Harriette Kline, of Eaton, Ohio, and Miss Paula Baker, of Tampa, Fla., were out-of-town guests.

R. R. Burnett tells us that he has a nephew—Luther Burnett, of Springfield, Tenn.—killed in action on the west front two weeks ago.

Miss Thelma Freeman, of Brownsville, is the guest of Miss Bess Choate.

## GERMAN WOUNDED ARE KINDLY TREATED

German prisoners that require medical attention have their immediate wants cared for by the allied surgeons directly behind the battle arena and are later transferred to the base hospitals, where they are permitted to regain their strength until fit for removal to the concentration camps. ## FAREWELL JAGS.

Must be Cut Out by Selectmen Says Maj. Rhodes, of Ky.

According to rigid orders received from Maj. Rhodes, drafted men en-training for military camps, must walk the straight and narrow path in the future; as no more intoxication on the occasion of their departure will be tolerated. Several have left Hickman highly "pickled" or "stewed" when starting to camp, and the local board has been instructed to give orders to the boys to keep sober.

Hereafter each man will be provided with a brassard or arm band when he reports to the local board. This is equivalent to wearing a uniform and the same drastic law apply as to boys in camp. If a boy gets drunk—he's up against it; as the military authorities will make special efforts to locate the source from whence he secured his jag.

Small fry politicians never sleep when they have a possible opportunity to ride the "grave train." It is generally known that Senator James is dangerously ill and wire-pullers are already planning a course to pursue in case he should die before the November election. In the event that our Senator should not survive his illness, the hope is that the governor of the state will appoint his successor to fill out his unexpired term, which will end March 4th, 1919. And that the Democratic executive committee will meet and name the candidate to be voted for at the November election to succeed the new short-term Senator for the long-term.

The organ recital given on Sunday night at the First Methodist church, by Misses Marguerite Fuqua and Irene Thompson, Mrs. C. F. Baltzer, of Clarksdale, Miss. Mrs. H. L. ### SUGAR RULES

HAVE NOT CHANGED.

Two pounds will be allowed to each member of the family per month, and 10 pounds for canning and preserving, provided you have fruit to use that much.

In checking over the merchants' lists I find that quite a number have gotten their allowance for this month. Remember that you cannot go to other merchants. You must have one place to buy sugar and when you use your allowance you cannot get any more from other merchants, and if you do you will be subject to a punishment. I hope none will be so un-patriotic but if there are we will have to use the means as set out by the Government. No exceptions, all alike.

The flour rule is the same FIFTY-FIFTY rule.

S. D. STEMBRIDGE,  
Dep. Food Adm. Fulton County.

## INTERESTING LETTER

Warren Ellison Writes of Experiences on Western Firing Line.

The following extracts from letters received from Warren Ellison dated August 1st, show that he has had his "baptism of fire" since the allied offensive was launched on July 18th:

"We are all having a great time now. We are moving again today for the third time this week, and every time we move it means 24 hours steady work, but I would gladly work 48 hours as long as we are advancing, and we can't move too fast to suit me. It certainly is a sight to see the villages we pass through, and also stay in. Imagine a house one-third of which was destroyed by fire, one-third by wind, and then finished by an earthquake, then picture an entire village the same way. We sure had the Boche getting out and in a hurry. It is remarkable how many small statues of

Christ, or some of the Saints are left standing on churches or in niches in walls when everything around them is a total wreck. Of course, I suppose that it is just pure luck, but it is very noticeable. It seems strange to go through town after town and never see a person in civilian clothes. Nothing but soldiers, soldiers, soldiers, all

the time, and everywhere. Every Frenchman in France who is not in uniform is either too old or too young to fight, and even then he is doing some kind of work to help win the war. The traveling on the roads is a sight worth seeing. Just a continual stream of trucks, ambulances, automobiles, etc. I have seen many airplane fights, and several planes brought down. I enjoy it all except the enemy airplanes when they are right overhead, those bombs make too much noise. We sleep anywhere we can, in dug-outs, upstairs in a house or out in the open fields. But I can sleep now with my head under a "155" and won't even know when it fires. I think we alone have fired more shells than the entire French army did in the past year. Its a continual barrage from one day to another. Our division is the best one over here. We were cited by the French for our fighting. The Germans are very quiet at the present time, as we are not giving them time to do anything but run.

"Don't worry if you miss hearing from me once in a while, because nothing is going wrong with me. I am having the time of my life, and intend to wash my face in the Rhine and then go on up to Berlin. I think now the war will end next year."

Farmers from different parts of the county report that Canada Thistles are getting quite a foothold in the county, and that the prospects are good for a great amount of damage to be done by them. It is a violation of the law for anybody to allow these pests to grow on their farms and there is a strong talk of the law being enforced if the trouble is not abated. Canada thistles are a great hindrance to the success of any farm, and for this reason the State legislature has enacted a law making it a heavy penalty for a person who owns land to allow it to grow upon his soil.

## CANADIAN TRAMWAY RUNNING THROUGH RUINED FRENCH VILLAGE

In this picture can plainly be seen the contrast between the Huns' destruction and the allies' construction. A corps of Canadian soldiers have made a clearing through the ruins and have built a tramway through the village. In other places in the photograph Canadians are seen salvaging through the ruins.

## LAFAYETTE DAY.

Mrs. W. A. Dodds in Charge of Arrangements For Local Celebration

The proper celebration of Lafayette Day on September 6th, the 161st anniversary of the great French hero and friend of the American colonies in every large city in the United States, is today being planned by the American Defense Society. This is also the anniversary of the first battle of the Marne in 1914, which resulted in stopping the German invasion before it reached Paris. Mrs. W. A. Dodds, chairman of the Women's National Committee in Hickman, is undertaking the work here and at the same time is actively engaged in plans for the membership campaign of the Society which will start on September 6th. It is her idea to have several booths on which will be displayed the literature of the Defense Society, and anyone who wishes to help her in the work is asked to send his or her name to her residence at 511 E. Moulton St.

The Lafayette Day National Committee issues a call today to the American people in conjunction with the American Defense Society which reads as follows:

"That the nation may celebrate this year, as it has in each of the past three years, the anniversary of Lafayette's birth, September 6, 1757, and of the battle of the Marne on the same day in 1914, we commend to all Americans the opportunity to honor the memory and deeds of one of the noblest heroes of the American Revolution by whose efforts France's sympathy for the cause of freedom was given effective expression at a critical period in the struggle for American independence and also to commemorate the victory of the Marne when again the threatened cause of freedom was saved."

W. C. Porter will move his family to Hickman this week. He has been in the Courier office for several months on the linotype machine, and thinks he likes Hickman well enough to make that place his home. Mrs. Porter and son, Woods, will leave Thursday, and the other boys will leave in time to enter school. Until then Pitzer will be head clerk for W. W. Woods.—Clinton Gazette. We are delighted to welcome these good people as citizens of Hickman. The Porter family is one of the oldest and most prominent in Hickman county. Mr. Porter, besides being a reliable newspaper man and a Christian gentleman, is also city clerk in his old home town. His close friends call him "Webb"—and we hope folks here will soon learn to address him as Webb for the same reason. Mr. and Mrs. Porter have rooms in the Miss Jessie Outten residence.

The death of J. I. Ward took place on Sunday, the 11th inst. He was a resident of Number Ten in the vicinity of Fremont. Mr. Ward was about 71 years of age. ### JUNIOR MISSIONARY SOCIETY.

The Junior Missionary Society of the Methodist church met Sunday, August 4th. Leonora Amberg, the leader, being absent, the service was conducted by Chesley Douglass. The subject was, "Being a Great Neighbor" and after the leader read the scripture lesson of the "Good Samaritan," other scripture references bearing upon the subject were read by some of the members with comments by the Superintendent, Miss Clara McConnell, who said that the world's greatest neighbor was Jesus Christ, who came to "seek and save that which was lost," who went about doing good, saying, "I came not to be ministered unto, but to minister." She proved by the scripture that to be truly great one must serve humanity as Jesus did and that there was no real love if we were not servants. She told the story of Jane Addams, of Hull House, Chicago, whose money and talents were used to help the poor and fallen among whom she chose to live that she might serve them better.

Miss McConnell said that the world was full of "good neighbors" and that Hickman had a good neighbor in Mr. Syd Dodds who is paying the expenses of one of our members, Myrtle Madry, to one of our mission schools, Vashit Industrial School, Thomasville, Ga. This is a good school and home for homeless girls and is open all the year. It is owned by the Woman's Missionary Society of the M. E. church South who paid over over \$8,000.00 last year toward its support. Myrtle's admission was secured through the efforts of Miss McConnell, and Mr. Dodds said that he would pay all expenses until she had finished the course there. We appreciate this noble act and we all agreed that he, too, like the good Samaritan, was a "good neighbor." He not only gave her of his money, but has shown kind and tender interest in her. "He who helps a child" says Philip Brooks, "helps humanity with

a distinctness, with an immediateness, which no other help given to human creatures in any other stage of their life, can possibly give again." Here is a challenge to all who believe that the world needs help, that God needs human agents to carry out His plans—that Christ needs the child. Myrtle has a little brother, age nine, who needs a home. Want some one in Hickman offer to be his "good neighbor?" Every child in the land ought to have a "square deal." "Our well trained children are the hope of our country; the neglected ones are its destruction." "No donation could be more benevolent than an investment in a human life, a young life with all the possibilities of time and eternity before it." "Take this child away and nurse it for me and I will give thee thy wages." Ex. 2:9. Jesus tells of our wages in Matt. 25th chapter.

The Society meets next Sunday afternoon at 2:30. All the children are urged to be present, and to bring their offerings for July and August. We are going to add a new feature to our programs next month which we believe will prove interesting and profitable. "Come with us and we will do thee good."—Clara McConnell.

### RED CROSS.

What Our Home Folks Are Doing to Help the Absent Boys.

The quota of 200 refugee garments is about completed. No more sewing or surgical dressings are to be made at present. We have received more material for refugee garments but are awaiting orders before making up same. Those knitting are asked to finish the articles as early as possible so that shipment can be made. This is a matter of real work as our quota of knitted articles is large.

This week 1,500 surgical dressings made by the local chapter have been sent to headquarters.

A small sum was realized from an auction sale held Saturday.

Hickman has two railroads and a steamboat line—yet we are forced, in order to get decent service, to beg the government to establish a star route between Fulton and Hickman and carry the mail overland 22 miles. Some stunt for a town of 5,000 people, but, without a commercial organization, we are unable to bring any pressure to bear on the powers that be, and must take what is dished out to us in the way of mail and railway service. If we can get our mail quicker overland, the same would apply to express and passenger service. Why not establish an auto line to take care of the whole business?

### MAIL FROM FULTON.

Star Route to be Established on Account of Poor R. R. Service

Taking off passenger trains Nos. 92 and 93 on the N. C. & St. L. Ry., has resulted in such poor and unsatisfactory mail service in and out of Hickman that our business men have petitioned the postoffice department to give us a "star route" between this city and Fulton. This step was taken after having utterly failed to get the railroad people to come to our relief by putting the trains back in service or taking off the two others and restoring Nos. 92 and 93.

The local postoffice is in receipt of blank forms to fill out in connection with the establishment of the mail route, which would indicate that it will be established in the near future. The mail will be brought over by auto each morning and carried back for mailing each evening. Hickman patrons will doubtless be given full and explicit instructions later about how to have their mail addressed.

### THE INNOCENT SUFFER.

Read this from H. C. Evans of The Yeoman Shield, who is on the French front, and you will get an additional reason why we should continue to fight and fight to the death if necessary: "In a village in Poland I saw seven thousand children in a temporary structure that looked like a Billy Sunday tabernacle. They had been gathered up in that district. They were dying from starvation at the rate of two hundred per day. I saw their emaciated lifeless bodies laid out for burial. Their limbs were not much larger than a man's thumb."

### CLARK COMES CLEAR.

Henry Clark, of Clinton, was dismissed in county court Monday on a charge of bastardy. The plaintiff was a Mrs. Hite, of Carlisle county, who preferred the charges against Mr. Clark. When the case came to trial a pleading was made by the attorney for the defense that Mrs. Hite had a husband, and therefore the parentage of the child claimed to be the offspring of Mr. Clark could not be lawfully attributed to him. The court took this view of the situation and dismissed the case.

The average farmer gets too little out of life. His program is all work and no play. At an opportune time he should plan a fall outing for the whole family. Take them out into the fresh autumnal air of the woodland and spend two or three days in happiness and contentment. Nothing will give the young folks more pleasure than to go out into the forest and gather nuts. Go out with the intention of having a real good time---and don't get in too much of a hurry to return home. Take your camping outfit, kodak, some magazines, some eats and cook and sleep in the great outdoors. You will come back feeling like a "two year old."

## NEW FERRY.

Barnes Bros. Fine, New Boat About Ready for Service.

Barnes Bros., our local ferrymen, maintaining service between Hickman and the Missouri shore, have a new ferry boat at the Hickman landing which is just about ready for service. It is to take the place of the old "Kentucky," and is the largest, if not the best, boat of the kind ever put in the trade here. The new craft has been named "Dorena." It is larger even than the old J. H., and will be propelled by a 20 h. p. Lambert engine. Her equipment for comfort and service is all that could be desired; plus safety and ample capacity.

### SUNDAY FARM WORK.

Judges in Kentucky have refused to punish persons accused of working on farms on Sunday, but have commended them for so doing. This was reported to the Department of Agriculture's recent farm labor conference in Birmingham, Ala. Not long ago the rural churches in Indiana, in a conference at Purdue University, took the position that it is quite right and proper to do farm work on Sunday if that Sunday work is necessary to produce food crops to help whip Germany.

## EDITING A PAPER.

Editing a county newspaper at present is a long, sweet dream. In the morning about eight o'clock the editor sits himself at his desk and behind him is a stack of envelopes from Washington, Chicago, and food administration, state council of defense, the centennial exhibition, the fuel administration, etc., and the subjects wisely treated upon range from swatting flies to winning the war in 4500 different ways. All the editor has to do is to read all this matter and give it publicity and then wait the compliments that never arrive for the patriotic service he is rendering his country. And then along comes Uncle Sam and raises his postal rates. How nice.—Columbia Star.

## MEDIEVAL FRANCE.

Interesting Letter From Harry Hertwick, Former Hickman Boy.

Harry Hertwick, an old Hickman boy, writes interestingly to his grandfather, Otto Hertwick, from France, and we reproduce the letter which follows:

"Dear Grandfather:—Saturday afternoon and nothing to do so I will try to get a few of my accumulated letters off my hands. There is not a great deal of time for writing letters, but perhaps the folks back home understand that and won't be peeved if they don't get letters regularly from me.

"Went on that hike last Sunday and believe me it was some hike; we were on the go for twelve solid hours and were tired when we got in, but the things we saw were well worth going so far to see. The first place of interest was a little church tucked away in a little village on a big mountain. There is no authentic record of the age of this church, but it is definitely known that one side of it was built by the Romans and the other side by the Britons some time between the third and sixth centuries. There is as much difference between the two sides as there is between day and night. The Roman side shows a great deal of decorative and delicate work, while the other side seems to have been built with only one object in view, to build a structure that would last through centuries. The whole structure is wonderfully preserved and I cannot say that the work of the Romans has withstood the centuries of wear any better than that of the Britons, or vice versa.

"Leaving this village we hiked two and one-half hours through a very beautiful valley and over the top of another mountain until we finally arrived at a little village at the base of a high hill, on top of which is situated a very old castle or chateau. We spent a very pleasant half hour resting beneath the walls of an old church which had seen hundreds of years of life and worship before Columbus ever took a notion that the world was round and started out to prove it. Leaving there we started our climb up to the chateau and it is a pretty stiff climb too, and how the knights of old ever carried the weight of their armor up the steep sides is a mystery to me, and often too, they had to fight for every inch of the ground. The entrance is through a door cut through the solid rock and imbedded in the stone on one side are the broken ends of what were perhaps great iron hinges. The door has long since been destroyed and the broken hinges are all that remain. Inside all is in ruin where perhaps once was all that the heart of the old barons of France could desire. The walls are pierced by loop holes from which were thrown spears and cross-bow bolts at the enemy below. In a recess under one of the walls was a hole formed by the roof of one of the underground dungeons giving way and it looked very interesting and I decided that it was, like Lincoln's rat hole, worth looking into, so, after sounding the depth by dropping stones into it, I jumped down into it and never before in all my life have I ever experienced so strange a feeling. To be there in the dark in a place where perhaps all kinds of crime has been committed is enough to make a fellow think seriously. Lighting a match I proceeded to explore the place. In the walls were set iron rings and to some of them still hung short pieces of chain. Just imagine the tales of horrible punishment those chains could tell could they but speak. In one wall was what appears to have been a doorway, which probably led to another dungeon, but which had been sealed up perhaps to conceal some crime that would make Edgar Allan Poe's "Black Cat" seem tame and childishly simple.

"Climbing out of there, the other two and I climbed to the top of the battlements and the view from there was wonderfully beautiful. Far away over the fields we could see the river—a narrow thread of silver winding its way through fields of emerald green and finally disappearing between the shoulders of the mountains many miles away.

"On top of and in the center of one of the old towers is a large stone fully seven feet across the uncovered part of it and if the portion under the ground is in proportion to that which is visible, the whole thing must weigh ten tons and how on earth do you suppose they ever got such a thing seventy-five feet above the top of the hill? I give it up.

"Directly under this stone is what was known by the very interesting title of 'the death chamber' into which were thrown those who were in the way of the ruler of the castle. The bottom of this death chamber was studded with sharp pointed iron stakes and the walls were set with knives. The knives and stakes were set so closely that any poor beggar who was unlucky enough to escape death by

the initial fall could not sit down or lean against the wall, but was forced to stand until he became exhausted and fell. A hell of a way to treat a human being, but not so very much worse than the way the Germans treat some of their prisoners.

"Outside and about fifteen feet below the bottom of the walls are two old tunnels. They are full of stone now and it is impossible to get through them but I suppose they were used for 'sally ports' and as entrances in case the enemy got too close. We had no camera with us so we got no photos, but now we have one and will take pictures of the next places we visit and after the war is over I will show you all of them. Supper time now and I will quit for a time and try to finish after the very important work of eating is finished. 4:50 o'clock.

"Back on the job again. Had a very good supper and have just finished a couple of hours of studying French. Am not getting along very well with the language but don't get much time to study.

"Will go back and finish telling you of my Sunday's hike. After leaving the old castle we visited several other villages and about 6 p. m. we arrived at another old chateau which was built in the seventh century. This one is still occupied and is in a very good state of preservation. The present owner is a captain in the French army and is at the front. The place is in charge of a caretaker and she let us go through the place. It is very nice inside and some of the furniture made me wish I was a millionaire, so I could buy it and send it back home for future use. The most modern piece of furniture there was a baby grand piano which looked strangely out of place among other articles which are perhaps many hundreds of years old. This house, as are all others, was built with the idea of defense and it has its towers and battlements too, but to a much less marked degree than most of the others. We did not tarry here long as it was growing late and as we had eaten nothing since 11 a. m. were beginning to feel empty in the place that Napoleon said an army traveled on (the said army traveled on its stomach). We hiked out and soon came to a place where I have had my supper on three successive Sunday nights. It is the old place of which I spoke in one of my previous letters as being between sixteen hundred and eighteen hundred years old. We stopped there for supper and had

a very good meal, a big egg omelet, cheese made from goat's milk, lettuce, some of this French wine, and a bottle of lemon soda. The whole meal for the three of us was only nine francs, (1.62) and we had all we wanted. When we had finished it was 8:30 p. m. and it was an hour and a half hike home and mostly up hill. On the way we discovered a cherry tree and with the owner's permission we had a nice desert of cherries. Am planning another hike tomorrow which will take about fifteen hours and will start as early as possible if the weather permits, but it looks now as if it might rain. If we go will tell you all about it in my next letter.

"Following my usual custom I have some pets, a dog and a cat. They get into scraps and are bitter enemies until they are tired of fighting, then they compromise and go and lie down in the straw together and sleep it off. Am going to try to keep the dog with me and bring him home with me when I come back. He is a thoroughbred dog and will be just like an old friend, if I can keep him through it all.

"The weather has been fine for a long time and I am beginning to regret some of the hard things I said about this climate when I first came over. In a few weeks from now I will be entitled to the gold six months service stripe of the American Expeditionary Forces and will certainly be glad and proud to get it, only I hope I don't get over four of them, for two years is entirely too long to stay over here, but I don't want to come back until this is all over and over right.

"Will close now, dad. I want to write a little souvenir with this letter. Give my best regards to everyone and my love to the family. Answer soon. Your son, HARRY.

## AN URGENT CALL.

The President of the Civil Service Commission recently wired:

"Need for stenographers and typists at Washington grows more acute daily. Increase effort all possible."

The Government and business concerns are short five hundred thousand bookkeepers and stenographers, and are offering beginners salaries never before heard of.

The Government drafted our Civil Service Bookkeeping Set, and about EIGHTY-FIVE per cent of the Government's stenographers write the Shorthand system that we teach—THE BEST evidence that our courses are THE BEST.

Take, BY MAIL, our eight-weeks' Civil Service Mercantile Bookkeeping Course or our Simplified Shorthand Course, the latter course consisting of THIRTY LESSONS, and we guarantee you from \$85 to \$125 a month as soon as you qualify. Money back if not satisfied. Two hundred thousand satisfied, money-making former students. Clip, fill out, and send us the following coupon:

Dr. A. O. Longnecker, Nashville, Tenn.: Send me, FREE, your book on Home Study, and tell me about your new plan of teaching—the plan whereby it is EASY to learn, BY MAIL, Bookkeeping, Shorthand, Penmanship, etc. This notice was clipped from the Hickman Courier.

Yours truly,

## POSTING OF STRAYS.

J. A. Lattus, who having been duly sworn, states that the following described animals: One black sow with crop off each ear, weight about 200 pounds, and now has one pig, were taken up as strays on his premises about 5 miles from Hickman near the State Line road, and that he has not changed, defaced nor altered the marks or brands of said animals, and W. P. Vaught, being duly sworn by me and a housekeeper in Fulton County, Ky., states that the said hogs are worth about \$25.00.

Witness my hand as Judge of the Fulton County Court this the 3rd day of August, 1918.

A fellow in a neighboring town recently gave notice that unless a buggy whip was returned to a certain place, the name of the person who took it would be published in the paper. The following morning he found 17 buggy whips in the designated place.

## COULD HARDLY STAND ALONE

Terrible Suffering From Headache, Sideache, Backache, and Weakness, Relieved by Cardui, Says This Texas Lady.

Gonzales, Tex.—Mrs. Minnie Philpot, of this place, writes: "Five years ago I was taken with a pain in my left side. It was right under my left rib. It would commence with an aching and extend up into my left shoulder and on down into my back. By that time the pain would be so severe I would have to take to bed, and suffered usually about three days. I suffered this way for three years, and got to be a mere skeleton and was so weak I could hardly stand alone. Was not able to go anywhere and had to let my house work go. I suffered awful with a pain in my back and I had the headache all the time. I just was unable to do a thing. My life was a misery, my stomach got in an awful condition, caused from taking so much medicine. I suffered so much pain. I had just about given up all hopes of our getting anything to help me.

One day a Birthday Almanac was thrown in my yard. After reading its testimonials I decided to try Cardui, and am so thankful that I did, for I began to improve when on the second bottle. I am now a well woman and feeling fine and the cure has been permanent for it has been two years since my awful bad health. I will always praise and recommend Cardui." Try Cardui today. E 78

## A PATRIOTIC ANSWER.

A gentleman was told by a friend that he had made many enemies and lost some friends on account of his activities in behalf of war-work. This is his reply, and it is worthy of being framed for future reference: "If I am to retain a man's friendship by the betrayal of my government, the fewer such friends I have the better. If the making of an enemy is secured by loyalty to the United States, the greater number, the greater the blessing. I ask no favors from either class."
